

# **Ethox Chemicals, LLC**

## **Quality Policy**

We are committed to providing quality products and services in order to meet all the requirements of our customers.

We believe that by continuous improvement in all of our operational areas we will best serve our customers in their quest for excellence.

We believe that by working collaboratively with our customers to develop and provide innovative, cost effective products, we will continue to be recognized as a leader in technology, quality, and service throughout our various markets.

Quality Objective: Zero Defects
